****INCLUDE A PICTURE OF YOUR FIREPLACE and CHIMNEY WITH APPLICATION****

How old is your home? _____ How many stories? _____

How many fireplaces do you have? _____ How many chimneys? _____

When was your chimney last swept? _____

Has a chimney been added to the existing structure? _____

Is the chimney easily accessible from the roof? _____

What does the central heating device used for fuel? Is it a furnace, or a boiler?

(Hot water vs. hot air, like a radiator or baseboard heat?)

Is there a wood stove? _____ Have any repairs been made to the chimney? _____

Do you burn oil, wood, gas, or Duraflame logs in your fireplace? _____

Have you changed the use of the fireplace? Meaning a change from wood to gas, etc?

Can we use photos taken on the job for training and marketing purposes? _____

Reminders:

- We are bonded and insured.
- Our students will write an inspection and sweep the chimney. If we find the need for repairs, **No** repairs will be made during our time at your house. We will give you information on who to contact for repairs.
- Someone **must** be home during the cleaning and inspection. Our students will be at your home for approximately two hours.
- Please remove breakables from the mantle.
