

Application for Product Acceptance

In accordance with the *Chimney Safety Institute of America Product Acceptance Policy*, adopted by the CSIA Board of Directors on May 25, 2005, approval granted by CSIA is limited to the specific product submitted and does not apply to all of the manufacturer's products. Manufacturers who wish to have multiple products reviewed by CSIA Product Review Acceptance Committee must submit one application and complete documentation for each product.

Company Information

Please complete all sections.

Company Name _____
Address _____
City, State ZIP _____
Telephone _____ Email _____
Web Address _____

Product Information Request

Note: Please DO NOT submit proprietary information or specific listing agency test results.

Product Name _____

Please submit the following information (and a sample of the product) to the address below for review:

- Product specifications including intended use.
- Evidence from testing agency verifying that product has been tested to applicable standards, including a summary of testing methods, the listing agency and listing and/or file number, if applicable.
- Documentation of prior recall or warning announcements and a statement of corrective action taken. (Or a statement certifying the product is free of recalls or warning announcement history.)
- A copy of all sales and marketing materials relevant to the intended use of the product, including sample product packaging.

Applicant acknowledges that acceptance of the product referenced in the foregoing application shall be contingent upon CSIA's evaluation of the product and then execution of a Product Acceptance Agreement along with payment to CSIA of a CSIA Accepted Product Logo Usage Fee to compensate CSIA for its time and expense in operating its Product Acceptance Program.
